

Open Door/Family Involvement

At Evergreen EEC we would like all parents, family and community members to feel welcome to participate at our centre and in our programs at any time. An Open Door Policy means exactly that – our doors are open at all times for others to participate in and enrich our programs.

Family and community members all have unique interests, ideas, skills and talents. We actively encourage all people to contribute to our programs and therefore each child's development wherever possible. We understand that time is precious and value even the smallest visit into our happy classrooms.

There are many ways to step through our open door and become involved in our welcoming centre;

- Discussing or displaying an occupation,
- Playing an instrument,
- Explaining an interest such as knitting or cooking and helping involve children in these activities
- Bringing in an article or item from family or cultural backgrounds,
- Or it could be as simple as bringing in a favourite book or song to share with the children and staff.
- Filling out forms that contribute to children learning such as family input sheets.

We encourage parents, grandparents and special friends to let us know if they wish to participate in the program so we can use their unique talents appropriately. All of these contributions enrich our programs and extend children's concepts and development.

We value your input and contributions. You are an important part of ensuring that appropriate programs are provided throughout our centre. We appreciate your time, interests and talents and welcome you into our Centre at all times.
